FOREWORD

"To be a high school graduate is not only a dream but also in 1948 a necessity. To wear a gray cap and gown, to change the tassel from left to right, to receive a diploma-these are all symbols of attainment of standards set for our further education or for our practical application in work of what we have learned at Sherman High School.

What we have done during this school year to earn the receipt of these symbols is recorded in this yearbook, however, many things that we have done this year were impossible to record pictorially - the guidance programs worked out for our homerooms, Career Day sponsored by the Presidents' Cabinet, honors won in the National Honor Society and Pepsi-Cola scholarship tests, the gift of our maroon velvet drapes in the auditorium by the PTA - many nice things have happened to us this year.

TO BE A HIGH SCHOOL GRADUATE-the goal of our first four classes: "I AM A HIGH SCHOOL GRADUATE" - to be the words of us who are graduating.

We want to give special thanks to many businessmen throughout the Sherman area for their splendid financial support of our yearbook. Advertisers are the best friends a yearbook can have for we could not continue the publication of our Athenian without this very much appreciated help.

PRAYER FOR THESE TIMES

In this, Thy world, I would not be
A creature of disunity
For in self-will I lose my way:
When Thine is mine, I do not stray
So may I be as one of these:
A flower that bends before the breeze,
A bird that wafts its song on high,
A star that trembles in the sky. Amen.

BASKETBALL

BOTTOM ROW: Elliot, Hall, Howard, Tucker, Wade.

Sherman High School saw a very good basketball season this year. Each game night three contests were played. The "C" Squad started first at 6:30 by playing the "C" Squad of the visitors. Our "C" Squad had a very successful season losing only one game. We know that these boys will continue to be winners if they have the exceptionally fine team that they had this year.

At 7:30 the "B" Squad played the corresponding squad from the opponents. They, too, had a goodseason losing only a very few of their games.

Third Row: John Williams, Jay Hanchette, Bobby Hullett, Ronny Mathews, Ted Dillard, William Montgomery, Jack McElvain

Golf was first started in Sherman High School in the spring of 1942. At that time the Woodlawn Country Club agreed to permit twelve boys free play on their courses. Mr. Carl Taylor was appointed to sponsor the group. Like many other activities, golf was abandoned during the war and was not started until Feb. 17, 1947, at which time the Woodlawn Club agreed on the free placement of 26 boys. During '47 and '48, 21 boys and 6 girls have been scheduled for golf. Contests with Bonham, Paris, and Sunset of Dallas have been held and golf on a district basis has been played this spring.

It is planned,as the program develops, to give about 50 students each year training in playing golf.

The directing of a well-rounded girls' physical education program, which stresses calisthenics correct posture, and athletic contests is the job of Mrs. H. F. Kurrus, physical education instructor. Approximately four hundred girls are under her care in the various classes; four years of physical education are required for graduation, except in special cases.

The first thing done in the fall at the beginning of the school year is to weigh and measure each girl and to give limited skin and posture examinations. Height and weight charts are kept during the year. Movies stressing good posture, the proper care of skin and body and all the other things taught during the year are shown.

MURAL SPORTS

Proper exercises in calisthenics and rhythmic exercises done to music are all designed to correct physical faults girls may have. The calisthenics are just a small part of the physical education program, however, regular sports such as volleyball and basketball are played during the fall and winter months, in the spring soft ball, badminton, and tennis receive major emphasis.

There is certainly positive truth in this statement by Mrs. Kurrus:

It is imperative that every girl going to school engage in some physical activity. In the adolescent stage, athletics helps her to overcome the awkwardness usually prevalent at that age."

Each year the Physical Education department sponsors a contest for the selecting of the girls with the best posture in Sherman High School. Usually these girls are students of Physical Education. One girl from each class is chosen, and runoffs are then held to determine the final winners. Each class - Senior, Junior, Sophomore, Freshman, and Eighth Grade - is represented in the final decision.

They will seek to acquaint themselvs with Texas history and literature and thereby develop a richer culture upon the great Texas heritage. Dear Margaret,

This year I came to High school not knowing how many friends I would meet, but out of all the many girls and boys I met this year I like you best. We have really had a lot of fun and I have enjoyed knowing you this year. May we always be very close friends. I wish you luck and may you be a great success all through your life for you deserve it.

Love,
Sara
